Purpose of the Exam Prep Guide

The intent of this guide is to set expectations about the content and the context of the exam and to help candidates prepare for the exam. In this guide, you will find recommended HP training courses, reference and study material to help you achieve a successful passing score.

Studies conducted by HP and Prometric show that a combination of course attendance and self-study maximizes the likelihood of passing the exam on the first attempt.

Audience

This exam is for system engineers or technicians who require an in-depth understanding of the technologies deployed in HP Integrity servers and computer professionals pursuing an HP Accredited Integration Specialist (AIS) certification.

Certification Requirements

This exam, HP Integrity Entry-Level Server Technologies (HP0-068) is one of the core requirements to be certified as an Accredited Integration Specialist (AIS).

Prerequisites

AIS candidates are required to have attained at least one of the following credentials before taking the HP0-068 exam:

- SAIR LCA
- Linux Professional Institute (LPI) Level 1
- Red Hat RHCT Certification
- Novell Certified Linux Professional
- HP CSA – HP-UXv11
- HP CSA – Open VM Sv7
- MCSA on Microsoft Windows Server 2003
Exam Details

At the beginning of the exam, you will be asked to answer several survey questions. The survey questions are designed to assist the exam development team in accurately profiling test results and to improve future exams.

The following are details about the exam:

- Number of items: 70
- Item types: multiple choice
- Time commitment: 90 minutes
- Passing Score: 70 percent
- Reference Material: No on-line or hard copy reference material will be allowed at the testing site.

Comments on the Exam

During the exam, participants can make specific comments about the items (i.e., accuracy, appropriateness to audience, etc). HP welcomes these comments as part of our continuous improvement process.

Exam Content

The following testing objectives represent the specific areas of content covered in the exam. Use this outline to guide your study and to check your readiness for the exam. The exam measures your understanding of these areas.

<table>
<thead>
<tr>
<th>Objective</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.0</td>
<td>Identify, describe, and apply knowledge of fundamental architectures and technologies related to Itanium server solutions</td>
</tr>
<tr>
<td>2.0</td>
<td>Identify and describe HP Integrity servers, server configurations, and solution components</td>
</tr>
<tr>
<td>3.0</td>
<td>Plan the implementation of an HP Integrity server solution</td>
</tr>
<tr>
<td>4.0</td>
<td>Describe common performance issues and identify the measurement tools and processes used to resolve them</td>
</tr>
<tr>
<td>5.0</td>
<td>Identify and describe HP Service Offerings as components of an integrated solution</td>
</tr>
<tr>
<td>6.0</td>
<td>Perform administrative and operational tasks</td>
</tr>
</tbody>
</table>
Recommended Training and Study References

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.

You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course material and documents before taking the exam, even if you believe you have sufficient on-the-job experience.

Instructor-Led Training

Use the information in this guide and the practical experience you have gained to determine your need for the instructor-led training.

<table>

Exam Registration
This exam is available at Prometric.

Sample Test Items
The following examples represent the types of items and question formats that you could see on the exam. These are generic samples and do not reflect the content being tested.

1. Which planet is closest to the Earth?
   A. Mars
   B. Pluto
   C. Venus
   D. Saturn

2. Which planets are “inner planets” — planets found within the asteroid belt? Select TWO.
   A. Pluto
   B. Earth
   C. Neptune
   D. Mercury
   E. Venus

3. Click the Exhibit button. What is this constellation called?
   A. Leo
   B. Aries
C. Orion
D. Taurus
E. Gemini
F. Pleiades
G. Ursa Minor
H. Ursa Major
I. Andromeda

4. Click the Task button.

Place the planets in order of closest to farthest from the planet Earth.
5. Click the Task button.

Review the picture of the planets and click on Saturn.

Conclusion

HP wishes you success in the HP Certified Professional Program and in passing the exam for which you are preparing.
