Purpose of the Exam Prep Guide

The intent of this guide is to set expectations about the content and the context of the exam and to help candidates prepare for the exam. In this guide, you will find recommended HP training courses, reference and study material to help you achieve a successful passing score.

Studies conducted by HP and Prometric show that a combination of course attendance and self-study maximizes the likelihood of passing the exam on the first attempt.

Audience

Partner Presales consultants who need to achieve an Accredited Presales Consultant certification to sell HP Superdome server solutions.

Certification Requirements

This exam, Planning and Designing HP Superdome Server Solutions (HP0-085) is the core requirement to be certified as an Accredited Presales Consultant - HP Superdome Server Solutions [2005].

Prerequisites

ESS credential APP - HP Enterprise Solutions

Exam Details

At the beginning of the exam, you will be asked to answer several survey questions. The survey questions are designed to assist the exam development team in accurately profiling test results and to improve future exams.

The following are details about the exam:

- Number of items: 70
- Item types: multiple choice
- Time commitment: 90 minutes
Passing Score: 70 percent (49 items correct to pass)

Reference Material: No on-line or hard copy reference material will be allowed at the testing site.

Comments on the Exam

During the exam, participants can make specific comments about the items (i.e., accuracy, appropriateness to audience, etc). HP welcomes these comments as part of our continuous improvement process.

Exam Content

The following testing objectives represent the specific areas of content covered in the exam. Use this outline to guide your study and to check your readiness for the exam. The exam measures your understanding of these areas.

KNOWLEDGE-BASED OBJECTIVES:

- HP server strategy
- Virtual Server Environment
- Superdome architecture
- Solution Lifecycle

SKILLS-BASED OBJECTIVES:

- Analyze using Opportunity Assessment
- Know the Solution Lifecycle deliverables for each phase
- Design Superdome solution
- Configure a Superdome using Sales Builder

- Design and complete High Level Design
- Configure Superdome add-ons and upgrades

Recommended Training and Study References

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.

You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course material and documents before taking the exam, even if you believe you have sufficient on-the-job experience.
Instructor-Led Training

Use the information in this guide and the practical experience you have gained to determine your need for the instructor-led training.
