HP Certified Professional Program
Adaptive EDGE Fundamentals Exam (HP0-207)
Exam Preparation Guide

Purpose of the Exam Prep Guide

The intent of this guide is to set expectations about the content and the context of the exam and to help candidates prepare for the exam. In this guide, you will find recommended HP training courses, reference and study material to assist you in preparing for the exam.

Studies conducted by HP and Prometric show that a combination of course attendance and self-study maximizes the likelihood of passing the exam on the first attempt.

Audience

This exam is for system engineer or networking engineer with 1 year of experience designing intermediate switched and basic routing networks. Examples of job roles: Reseller and customer network specialists, System Engineers, Network Engineers, HP Field System Engineers, HP Services Technical Support and Field Services Engineers

General areas of content include:

- Device Configuration and Monitoring
- Configuring VLANs
- HP ProCurve Manager and HP ProCurve Manager Plus
- Increasing Capacity and Improving Availability
- Introduction to Wide Area Network Configuration
- Introduction to Dynamic Routing & 10Gb Ethernet
- Enabling Convergence
- Introduction to Wireless Access and Access Control Configuration
- Network Design and Deployment
• Network Troubleshooting

Certification Requirements

The Adaptive EDGE Fundamentals exam is the core requirement to be certified as an Accredited Integration Specialist (AIS) – HP ProCurve Networking.

The AIS – ProCurve Networking designation provides certification that an individual has the skills to design, configure, integrate and support intermediate switching and basic routing environments.

Prerequisites

The following certification requirements are prerequisites for the AIS – HP ProCurve Networking Certification.

- none

Exam Details

At the beginning of the exam, you will be asked to answer several survey questions. The survey has been designed to assist the exam development team in accurately profiling test results and to improve future exams. Your honest responses will assist the exam team in properly tailoring this exam to the appropriate audience.

- **Number of items:** 60
- **Item types:** multiple choice
- **Time commitment:** 90 minutes
- **Passing Score:** 73%
- **Reference Material:** No on-line or hard copy reference material will be allowed at the testing site.
Comments on the Exam

During the exam, participants can make specific comments about the items (i.e., accuracy, appropriateness to audience, etc). HP welcomes these comments as part of our continuous improvement process.

Recommended Training and Study References

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.

You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course material and documents before taking the exam, even if you believe you have sufficient on-the-job experience.

Instructor-Led Training

Use the information in this guide and the practical experience you have gained to determine your need for the instructor-led training.
