Purpose of the exam prep guide

The intent of this guide is to set expectations about the content and the context of the exam and to help candidates prepare for the exam. In this guide, you will find recommended HP training courses, reference and study material to help you achieve a successful passing score.

Studies conducted by HP and Prometric show that a combination of course attendance and self-study maximizes the likelihood of passing the exam on the first attempt.

Certification requirements

The OVIS/OVTA exam (HP0-) is one of the core requirements to be certified as one of the following:

- AIS – Application Management/Unix
- AIS – Application Management/Windows
- ASE – Application Management/Unix

Exam details

- Number of items: 70
- Time commitment: 120 minutes
- Passing Criteria: 70%
- Number of items required to pass: 49
- Reference Material: No on-line or hardcopy reference material will be allowed at the testing site.
Exam content

The following testing objectives represent the specific areas of content covered in the exam. Use this outline to guide your study and to check your readiness for the exam. The exam measures your understanding of these areas.

| Section 1 | Describe the basic OVIS/OVTA concepts and market differentiators |
| Section 2 | Explain and recognize the fundamental OVIS/OVTA architecture |
| Section 3 | Perform the pre-requisite steps needed to implement OVIS & OVTA |
| Section 4 | Install, configure and setup the OVIS/OVTA product |
| Section 5 | Perform OVIS/OVTA Configuration and administration |
| Section 6 | Perform troubleshooting and repair of OVIS/OVTA |
| Section 7 | Operating OVIS/OVTA |
| Section 8 | |

Recommended Training and Study References

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.

You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course material and documents before taking the exam, even if you believe you have sufficient on-the-job experience.

Training

Use the information in this guide and the practical experience you have gained to determine your need for the instructor-led training.
