</tr>
<tr>
<td>Section 7</td>
<td>Operating the Radia solution</td>
</tr>
<tr>
<td>Section 8</td>
<td>Perform administrative and operational tasks</td>
</tr>
</tbody>
</table>

Recommended Training and Study References

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.
You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course materials, product manuals and on-line documents before taking the exam, even if you believe you have sufficient on-the-job experience. Questions may be taken from any of the materials listed above.

Instructor-Led Training

Use the information in this guide and the practical experience you have gained to determine your need for the instructor-led training.

<table>
<thead>
<tr>
<th>Title</th>
