

**Purpose of the Exam Preparation Guide**

The intent of this guide is to set expectations about the content and the context of this exam and to help candidates prepare for the exam. In this guide, you will find recommended training courses, reference and study material to assist you in preparing for the exam.

Studies conducted by HP and Prometric show that a combination of course attendance and self-study maximizes the likelihood of passing the exam on the first attempt.

**Audience**

The candidate for this exam should have installed, configured, managed devices with HP Web Jetadmin 7.2. Ideally, this experience is acquired in a production network environment; however, lab experience should suffice for most candidates.

**Exam Details**

Number of items: 57  
Item types: Multiple choice  
Time commitment: 1.5 hours  
Passing Score: 65%  
Reference Material: No on-line or hard copy reference material will be allowed at the testing site.

**Exam Registration**

This exam is available at [Prometric](http://www.prometric.com).  
This exam is available at [Promissor](http://www.promissor.com).

**Comments on the Exam**

After the exam has been completed, there is additional 15 minutes allotted for the participant to make specific comments about the test items (i.e., accuracy, appropriateness to audience, etc). HP welcomes these comments as part of our continuous improvement process.
**Exam Content**

The following outline represents the specific areas of content covered in the exam. Use this outline to guide your study and to check your readiness for the exam. The exam measures your understanding of these areas. The approximate percentage of exam questions dedicated to each major content area is included in parenthesis. The higher the percentage listed for each topic, the more questions will be on the exam.

The general areas of content include:

- HP Web Jetadmin General Concepts (12%)
- HP Web Jetadmin Installation (7%)
- Print Queue Creation (8%)
- Discovery (35%)
- HP Web Jetadmin Customization (18%)
- Device Management (10%)
- Novell Configuration (4%)
- Managing HP Web Jetadmin (7%)

**Recommended Training and Study References**

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.

You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course material and documents before taking the exam, even if you believe you have sufficient on-the-job experience.

**Instructor-Led Training**

Use the information in this guide and the practical experience you have gained to determine your need for the instructor-led training.

**Documentation**

**White Papers**

There are numerous technology white papers covering HP Web Jetadmin available at [http://www.hp.com/go/webjetadmin](http://www.hp.com/go/webjetadmin).

**Conclusion**

HP wishes you success in the HP Certified Professional Program and in passing the exam for which you are preparing.
