Purpose of the Exam Prep Guide

The intent of this guide is to set expectations about the content and the context of the exam and to help candidates prepare for the exam. In this guide, you will find recommended HP training courses, reference and study material to help you achieve a successful passing score.

Studies conducted by HP and Prometric show that a combination of course attendance and self-study maximizes the likelihood of passing the exam on the first attempt.

Audience

This exam is for HP Software Professionals with at least 3 months of experience. Examples of job roles:

- HP Software Authorized Channel Partners
- HP Software Technical Experts
- HP Software Technical Support Experts
- HP Software Implementation Partners & Consultants

General areas of content include: Understanding of architecture, market value, reporting solutions and troubleshooting techniques, installation, configuration, setup and upgrades and patches.

Certification Requirements

This HP0-T01 – HP Performance Insight v5.x Software exam is the core requirement to be certified as an Accredited Integration Specialist (AIS) in HP Performance Insight Software v5.x.
Prerequisites

None

Exam Details

At the beginning of the exam, you will be asked to answer several survey questions. The survey questions are designed to assist the exam development team in accurately profiling test results and to improve future exams.

The following are details about the exam:
- Number of items: 81
- Item types: multiple choice
- Time commitment: 120 minutes
- Passing Score: 70 percent
- Reference Material: none allowed

Comments on the Exam

During the exam, participants can make specific comments about the items (i.e., accuracy, appropriateness to audience, etc). HP welcomes these comments as part of our continuous improvement process.

Exam Content

The following testing objectives represent the specific areas of content covered in the exam. Use this outline to guide your study and to check your readiness for the exam. The exam measures your understanding of these areas.

| Objective 1 - Demonstrate a basic understanding of HPPI Architecture and structure; it’s components and their relationship |
| Objective 2 - Understand HP Performance Insight market value and its reporting solutions |
| Objective 3 – Install a single server solution, configure, setup and upgrade HPPI software and patches |
| Objective 4 – Perform Common Administrative, Operational Tasks, Monitoring and Tuning |
| Objective 5 – Using HPPI Web GUIs and report access to help manage the network |
Objective 6 - Perform basic troubleshooting techniques for HPPI

Recommended Training and Study References

This section lists training courses and documents that can help you acquire a majority of the knowledge and skills needed to pass the exam. You must also gain the practical experience outlined in this guide.

You are not required to take the courses listed in this section. However, HP strongly recommends that you attend the classes, participate in class labs, and thoroughly review all course material and documents before taking the exam, even if you believe you have sufficient on-the-job experience.
