- Magneto Optical APS Interim Instructor-led course #STIA-ASPOPTvA
Exam Registration

- This is an online exam available at Prometric.

Available Study Materials

This certification test was developed to test your knowledge of the Supporting the Magneto-Optical Libraries. We recommend that you have significant hands-on experience with the product before you take the exam.

These study materials are not required to pass the certification exam. They are simply additional exam preparation materials of which we are aware.

- None

Sample Exam

This is not an assessment test; it is only a sample test. The purpose of this test is to give you a feel for the type of questions on the HP2-952 exam. It is NOT to determine whether you are ready for the HP2-952 exam.

- None
